Master of Arts (M.A.) Degree Programme in Professional Educational Psychology

課程總監 Programme Director: 王柏豪教授 Prof. WONG Pak Ho Bernard

本兩年全日制課程通過「科學家—實踐者」教學模式提供教育心理學專業培訓，課程內容包括一系列適合本地現況和文化的評估，諮詢和經驗驗證的學科。同時，學員必須於畢業前在該領域的合資格教育/臨床心理學家的指導下完成指定時數的實習。

本課程的畢業生將符合成為香港註冊教育心理學家的專業和道德標準。教育心理學家提供的服務包括心理教育評估，對兒童、青少年及其家庭的心理介入，教師在職培訓，以及為政府資助和私營教育機構的校長、教師、行政人員和家長提供諮詢。

This is a two-year full-time programme which offers professional training in educational psychology through a scientist-practitioner model, featuring a curriculum consisting of an array of course work in assessment, consultation, and evidence-based interventions that are relevant to the local context. In addition, students have to complete a specific number of hours of supervised practice in assessment and intervention before graduation. These practicums are supervised by qualified educational/clinical psychologists in the field.

Graduates of this programme are expected to meet the professional competence and ethical standards for registration as Educational Psychologist in Hong Kong. Services provided by educational psychologists include psychoeducational assessment, intervention with children, adolescents and their families, in-service training for teachers, consultation with parents, teachers, principals and education-related administrators in both government funded and private sectors.
